INTRODUCTION

Section 35.2 of the Forest Act enabled the *Tree Farm Licence Management Plan Regulation* November 27, 2009 which describes the approval process, term, timing, content requirements and public review process for a Tree Farm Licence Management Plan (TFL MP). The following sections present the required content for Tolko Industries Ltd.'s TFL 49 in accordance with the *Regulation*.

Figure 1 TFL 49 Location Map

GENERAL DESCRIPTION OF TFL 49

Tree Farm Licence No. 49 (TFL 49) is held in the name of Tolko Industries Ltd. (Tolko) of Vernon B.C. BC Timber Sales also has volume apportioned within TFL 49.

Location

TFL 49 is located west of Okanagan Lake and covers approximately 110,426 ha (see Figure 1). The TFL was designated as a result of an amalgamation in 1984 of Tree Farm Licences No. 9 (Block A), No. 16 (Block B), and No. 32 (Block C). Management on this area-based licence has been conducted for over 60 years. Block A is situated west of Okanagan Lake to the height of land between the Okanagan and Nicola drainages, and north of Lambly Creek, to the Shorts Creek drainage. Block B runs west of Bouleau Lake, bounded on the south by the Salmon River drainage, to Salmon Lake, north to Monte Lake and west to the Monte Hills and Weyman Creek drainage. Block C is separate from the rest of the TFL. It is located north of Falkland and east of Pillar Lake towards the Salmon River.

DRAFT

HISTORY OF THE LICENCE

The *TFL MP Regulation* requires a brief history of the licence encompassing the period of time from the date the TFL was first issued to the date the MP is submitted to the Chief Forester.

History

Tree Farm Licence 49 was designated as a result of the previous Licensee's application of June 4, 1984 to amalgamate Tree Farm Licences 9, 16, and 32. The amalgamated Licence, referred to as the Okanagan Tree Farm Licence, has a 25-year term, beginning July 1, 2010.

The licence to manage the former Okanagan (West) Forest Management Licence (No. 9) was granted to S. M. Simpson Ltd. under a contract with the Province of British Columbia on August 16, 1951. The Licence was subsequently designated the Okanagan (West) Tree Farm Licence (No. 9) following amendments to the Forest Act. On December 1, 1970, S. M. Simpson Ltd. was acquired by Crown Zellerbach Canada Ltd.

Tree Farm Licence No. 16 (the Monte Lake Tree Farm Licence) was first granted to Pondosa Pine Lumber Company Ltd. on April 22, 1954. On December 1, 1970, Pondosa Pine Lumber Company Ltd. was acquired by Crown Zellerbach Canada Ltd.

Tree Farm Licence No. 32 (the Bolean Tree Farm Licence) was granted to Vernon Box and Pine Lumber Company Ltd. on June 29, 1959. Vernon Box and Pine Lumber Company Ltd. was purchased by Armstrong Sawmills Ltd. in 1964, but no formal merger took place. In 1969, Crown Zellerbach Canada Ltd. purchased Armstrong Sawmills Ltd. and in December 1970 Tree Farm Licence No. 32 was registered in Crown Zellerbach Canada's name.

On March 30, 1983, Crown Zellerbach Corporation sold its interest in Crown Zellerbach Canada Ltd. to Fletcher Challenge Limited of New Zealand. As a result of the ownership change, Crown Zellerbach Canada Ltd. was renamed Crown Forest Industries Limited (CFIL), effective October 1, 1983.

Fletcher Challenge Limited subsequently acquired a majority interest in British Columbia Forest Products Limited, and on September 2, 1988, its shareholders approved a name change from British Columbia Forest Products to Fletcher Challenge Canada Limited (FCCL).

Coincident with the change of name was the implementation of a management agreement between FCCL and CFIL, whereby FCCL agreed to manage the assets and business of CFIL. The collective corporate entity was known as FCCL, and included the operation and management of TFL 49.

On November 14, 1992, certain assets of Fletcher Challenge Canada Limited, including the rights associated with Tree Farm Licence 49, were acquired by Riverside Forest Products Ltd. Riverside Forest Products Ltd. subsequently was organized as a public company. Tolko Industries Ltd. purchased Riverside Forest Products in November, 2004 and is the current agreement holder for TFL 49.

Consolidations and Subdivisions

Consolidations, subdivisions, withdrawals, alienations and boundary changes to TFL 49 are listed in the following tables. Section 5(b)(iii) of the *Regulation* requires a list of all the boundary changes to the tree farm licence area involving over 200 hectares and the date of those boundary changes.

Table 1 Withdrawals from Block A (formerly TFL 9)

Amendment Number	Date	SUP No.	Area Hectares	Location - Description

TFL16-6	Jan 24/64	n/a	2.3	Deleted area from TFL in vicinity Lot 511 on Douglas Lake Public Road
TFL16-7	Jan 7/66	5651	2.2	Cancelled by Amendment #8
TFL16-8	Apr 2/69	5651	2.9	Replaces area covered by #7, located in Sec. 23, TP 17, R14, W6M. SUP deleted July 27/84
TFL16-9	Mar 19/71	n/a	n/a	Amends Clause #30 for TFL Licence document
TFL16-10	Dec 19/78	n/a	8.2	Removal of area for Dept. of Highways gravel pit
TFL 49-1	Nov 25/85	n/a	78.0	B.C. Hydro R/W

Table 3 Withdrawals from Block C (formerly TFL 32)

Amendment Number	Date	SUP No.	Area Hectares	Location - Description
TFL32-1	May 2/61	n/a	n/a	Incorporated Timber Sale X80368 into the TFL
TFL32-2	Jul 29/74	n/a	232	Blair & Spa Lakes temporary map reserves. Returned to Schedule B
TFL32- 3	Oct 20/70	464	1.2	Addition to existing SUP 464 (south end of Bolean Lake). Replaced by Amendment 5
TFL32-4	Mar 19/71	n/a	n/a	Amends clause #31 of TFL Licence Document
TFL32-5	Jun 28/77	464	1.9 1.3 0.5	Bolean L. - Fishing Camp Blair/Arthur Lake. sub area 1 Spa L. sub area 2 Replaces Amendment 3
TFL32-6	Feb 6/80	9194	1.0	Removal of garbage dump from the TFL (north of Bolean Lake.)
TFL 49-2	Jan 23/86	n/a	1.82	F.S. Road #4123.06 R/W

Table 3ABC Withdrawals from TFL 49 since Management Plan 5

Amendment Number	Date	SUP No.	Area Hectares	Location - Description
Instrument Number 13	Nov 30/12	n/a	~31,500	Browns Creek litigation area removed from TFL adjoining Block A and B. A small parcel (3789) of private land is still within TFL 49 in this area. The AAC for the deleted area is 126,000 m ³ /year.
Instrument Number 14	Mar 28/13	n/a	116	Removal of approximately 116 ha of two separate parcels of private land (Monte Lake and near Trader's Cove) from TFL 49 as requested by the Licensee
Ministerial Order#1	Sept 24/2013	n/a	811	Crystal Mountain Controlled Recreation Area. Reduced TFL 49 AAC by 1,700.6 m ³ /year.
TFL 49 Replacement	Apr 19, 2019	n/a	n/a	Several minor changes made to boundaries in Block 1A (Block B), 1B (Block A) and Block 2 (Block C) from Forest Tenures Branch as part of the review for the replacement agreement.

Allowable Annual Cut History

The following tables indicate the historical change in the Allowable Annual Cut (AAC) for each of the three former TFLs and TFL 49. Note that increases in AAC are mainly attributable to changes in utilization levels.

Table 4 AAC Block A (formerly TFL 9)

Management Plan	Period	AAC (m ³ /year)
No. 1	1951 - 1953	50,971
No. 2	1954 - 1962	47,573
No. 3	1963 - 1971	101,941
No. 4	1972 - 1979	210,395
No. 5	1980 - 1985	207,500

Table 5 AAC Block B (formerly TFL 16)

Management Plan	Period	AAC (m ³ /year)
No. 1	1954 - 1957	28,317
No. 2	1958 - 1962	28,317
No. 3	1963 - 1969	42,476
No. 4	1969 - 1973	65,129
No. 5	1974 - 1980	127,993
No. 6	1980 - 1985	135,000

Table 6 AAC Block C (formerly TFL 32)

Management Plan	Period	AAC (m ³ /year)
No. 1	1959 - 1964	15,574
No. 2	1965 - 1967	17,273
No. 2	1968 - 1969	22,937
No. 3	1970 - 1974	24,636
No. 4	1975 - 1980	33,980
No. 5	1981 - 1985	30,000

Table 7 AAC TFL 49

Management Plan	Period	Licensee AAC (m ³ /year)	BCTS AAC (m ³ /year)	Total AAC (m ³ /year)
No. 1	1985	372,500	0	372,500
	1986 -1987	380,000	0	380,000
	1988	370,537	9,463	380,000
	1989 -1991	361,074	18,926	380,000
	1992	359,576	20,424	380,000
No. 2	1993-1998	343,095	36,905	380,000
No. 3	1999-2004	343,095	36,905	380,000
No. 4	2005-2010	543,095	36,905	580,000
No. 5	2012 to present	167,095	36,905	204,000*

**Effective February 24, 2012 the new AAC for TFL 49 is 330,000 m³ of which 204,000 m³ area attributed to that portion of the TFL outside of the Browns Creek litigation area. The litigation area was removed from TFL 49 and the AAC established at 204,000 m³.*

PLANNING DOCUMENTS

The *TFL MP Regulation* requires the title and description of each publicly available planning document used to guide forest management and operations of the TFL holder.

Publicly Available Planning Documents

The following planning documents are available to the public:

Tolko approved Forest Stewardship Plan #684 effective January 30, 2019 [BC Southern Interior Forest Stewardship Plan | Tolko Woodlands](#) . This FSP is a multi licence, multi agreement holder FSP that includes all of Tolko's Southern Interior Woodlands licences. Forest Development Unit FDU 4 – TFL 49 covers the TFL 49 landbase area. This FSP includes Results, Strategies and Measures consistent with the objectives set by government for the applicable resource objectives found within the Forest Development Units of the FSP. It also includes Stocking Standards for reforestation activities.

Okanagan Shuswap Land and Resource Management Plan (OSLRMP) was approved by Government in January of 2001. The OSLRMP provided government policy direction on the management natural resources for Crown Land in the plan area. Effective March 1, 2007, a Land Use order was made under the Land Act that brought the main forestry parts of the OSLRMP into legal objectives requiring corresponding Results and Strategies in FSP's for the following:

1. Marten Areas
2. Fisher Areas
3. Bighorn Sheep Areas
4. Forest Road Construction
5. Enhanced Riparian Management Zone Retention
6. Enhanced Riparian Reserves
7. Basic Levels of Coarse Woody Debris Areas
8. Basic and Enhanced Levels of Coarse Woody Debris Areas
9. Tourism Areas Foreground Visual Quality
10. Intensive Recreation Areas
11. Regionally Significant Trail Corridors
12. Community/Crown Interface

Numerous Government Action Regulation or GAR Orders are in effect on TFL 49. These GAR orders have been for two main categories:

1. *Winter Ranges*; and
2. *Fisheries Sensitive Watersheds (Shorts Creek)*.

Winter Ranges are for listed species of wildlife with corresponding General Wildlife Measures. The General Wildlife Measures are non-FSP FRPA practice requirements and Tolko must follow them if forest management activities are conducted within the specific winter range areas on the TFL including the GAR Orders for Mule Deer (UWR U-8-001), Moose (U-8-006) and Mountain Goat (UWR U-8-005). WHA's have been established for Interior Western Screech Owl (WHA U-8-126), the notice includes an exemption from preparing a result or strategy.

Establishment of *Fisheries Sensitive Watersheds* with corresponding objectives such as the Shorts Creek FSW on the TFL have been established by GAR Orders. This GAR order contains specific objectives for the management of fish and fish habitat and Tolko has approved Results and Strategies in FSP 684.

Certification Schemes – TFL 49 is managed under the *Sustainable Forestry Initiative (SFI)* certification scheme which includes the SFI 2022 Forest Management Standard and the SFI 2022 Fiber Sourcing Standard. Tolko is also PEFC Chain of Custody certified.

TIMBER SUPPLY ANALYSIS

The *TFL MP Regulation* states the management plan must contain a timber supply analysis that analyzes the short and long-term availability of timber for harvesting in the TFL including the impact of management practices on the availability of timber. The Regulation also requires supporting documentation for the timber supply analysis including resource inventories, a description of the model and analytical methods used to formulate the timber supply and any other information relevant to timber supply on the TFL.

Supporting Documentation for Timber Supply Analysis

Forsite is completing the Timber Supply Analysis for TFL 49. This includes an Information Package which describes the resource inventories, management practices and model description used in the upcoming analysis. The Information Package was accepted for use in support on the timber supply analysis by Forest Analysis and Inventory Branch April 12, 2023 and is included as Appendix I (Version 1.2 updated June 21, 2023) – TFL 49 MP #6 Information Package.

The timber supply analysis report has been completed and is included as Appendix II – TFL 49 MP #6 Timber Supply Analysis Report, Version 1.1, January 25, 2024 prepared by Rob Kennett, RPF of Forsite. The report contains an analysis of the short, mid and long-term timber supply availability for TFL 49 along with a description of the PATCHWORKS modeling software used in the analysis.

DRAFT

FIRST NATIONS AND PUBLIC REVIEW STRATEGY

A public review strategy was submitted to the Acting Regional Executive Director (RED) on March 23, 2021. The strategy was subsequently approved by the RED March 24, 2021. The following is a description of the First Nations and public review strategy for MP #6. A summary of comments received during the Review and Comment period from First Nations and Public on the draft Management Plan will be included in Appendix III.

Approved First Nations Review Strategy

The following process will be used to refer the MP to the following First nations that are within the TFL 49 boundary. The goal will be to identify First Nations interests and concerns prior to submission of the plan to the MoF. Tolko has spent a significant amount of additional time working with representatives of the Okanagan Nation Alliance (ONA) to understand the Syilx principles and develop the Syilx Scenario which is presented in the Timber Supply Analysis.

First Nation	Contact
Adams Lake Band	Chief and Council
Ashcroft Indian Band	Chief and Council
Boothroyd Indian Band	Chief and Council
Coldwater Indian Band	Chief and Council
Cook's Ferry Indian Band	Chief and Council
Esk-kn-em Cultural Resource Management	Esk-kn-em Cultural Resource Management
Little Shuswap Lake Band	Chief and Council
Lower Nicola Indian Band	Chief and Council
Lower Similkameen Indian Band	Chief and Council
Lytton First Nation	Chief and Council
Neskonlith Band (not part of Pespesellkwe)	Chief and Council
Scw'exmx Tribal Council	Administration
Nicomén Band	Chief and Council

Westbank First Nation	Chief and Council

1. Letters and a copy of the draft Management Plan will be sent to each First nation by April 1, 2024. These letters will outline the purpose of the Management Plan, and will request a meeting to determine how to best include First Nations interests. Letters will be sent via email and/or various portals that have been set up by First Nations.
2. An e-mail reminder will be sent approximately 3 weeks prior to the end of each 60-day period if no response has been received.

Approved Public and Stakeholders Review Strategy

Section 5(f) of the *Tree Farm Licence Management Plan Regulation* requires a description of the strategy used to conduct the public review and a summary of the public comments received as a result of the public review. The Management Plan will be available to the general public and stakeholders primarily through the use of the Tolko Woodlands website <https://tolkwoodlands.com/southern-interior/>. The following process is used:

1. Tolko prepared a list of identified stakeholders and/or people operating a tenure overlapping TFL 49. For the Management Plan, letters were sent to stakeholders that outlines the purpose of the management plan, as well as a link to the website and the closing date for comments.
2. In order to communicate to the broader public, newspaper advertisements for the Information Package and Management Plan were placed in the Kelowna Capital News, Vernon Morning Star, West Kelowna News and the Lake Country Calendar Classifieds. The ads indicate that the information is available for a 60-day period for review and comment and Tolko website viewing location was provided (see Appendix III).

The following is a list of stakeholders contacted via email or letter:

- Range Tenures – Robert & Colleen Gowans, Joseph Ward, Douglas Lake Cattle Company, Kenneth Regehr, Kevin Day, Okanagan Indian Band Land Holding Company Ltd., Dan Speller, Scott McLeod, Ted Steiger, Stephen, Yolanda & Caleb Jontz, Scuitto Creek Ranch, Red Rock Farms Ltd, Gordon Tetz, Stefan Langenegger, Frederick Philps, Laurence Haller c/o Frederick Philps, Blane Louis, Harry Clemitson, William Bykerk
- Guide Outfitters – Christopher Covert (K9s Cougar Canyon Outfitters Inc)
- Trappers – Steven Krossa, Tk'emlupsemc Forestry Development c/o Barry Bennett, Harvey Surina, Pete Wise, Ian Whitehead, Bruce & Lee Fenton
- Recreation Interests – Bolean Lake Resort, Bear Creek Motorcycle – Okanagan Trail Riders Association, Spa Hills Snowmobile Club
- Community Watershed Purveyors – City of West Kelowna c/o Chris Anderson, Silver Creek CWS c/o Julia Blackburn
- Local Government
- Provincial Government - Ministry of Forests

Documentation of Comments Received

Any comments received by Tolko prior to submission of the final management plan to the MoF will be documented in the plan (see Appendix III).

Newspaper Ad Template, March 28, 2024:

TREE FARM LICENCE 49 Management Plan #6 Draft Management Plan Review and Comment

Notice is hereby given under section 6(1) of the *Tree Farm Licence Management Plan Regulation*, that Tolko Industries Ltd. is seeking public review and comment on the draft Management Plan #6 for Tree Farm Licence 49 (TFL49).

TFL 49 consists of approximately 110,426 hectares of crown and private land and has three distinct units. Block A is located northwest of Kelowna to the west of Okanagan Lake. Block B is located south of Monte Lake, and Block C is situated north of Falkland.

The Management Plan includes a draft timber supply analysis that analyzes short term and long term availability of timber for harvesting in the tree farm licence area and provides information to assist the Chief Forester of BC in determining the Allowable Annual Cut on TFL 49.

You are invited to view and comment on the draft Management Plan #6 from April 1, 2024 to May 31, 2024. All documents will be available for download from the following website: <https://tolkwoodlands.com/southern-interior/>

Printed documents will also be made available by mail or pickup at the Tolko Woodlands office in Lumby or Heffley Creek, BC or by e-mail if requested. Viewing appointments must be arranged by contacting jamie.skinner@tolko.com or 250-318-3779.

Comments will be accepted in writing until 4:00 pm May 31, 2024, and will be presented to the Chief Forester prior to determination of the Allowable Annual Cut.

Re: Draft Management Plan #6 for Tree Farm Licence (TFL) 49 Available for Review and Comment

Dear <Chief and Council>:

Tolko Industries Ltd. is currently preparing Management Plan #6 (MP#6) for TFL 49. The draft Management Plan #6 is now available for review and comment. A Management Plan includes a draft timber supply analysis that analyzes short-term and long-term availability of timber for harvesting in the tree farm licence area and provides information to assist the Chief Forester of BC in determining the Allowable Annual Cut on TFL 49.

TFL 49 consists of approximately 110,426 hectares of crown land and has three distinct units. Block A is located northwest of Kelowna to the west of Okanagan Lake. Block B is located south of Monte Lake, and Block C is situated north of Falkland.

You are invited to view and comment on the draft Management Plan package for MP#6 from April 1, 2024 to May 31, 2024. All documents will be available for viewing on the following website: <https://tolkowoodlands.com/southern-interior/>. Printed documents and maps will also be made available by mail or pick up at the Tolko Southern Interior Woodlands office in Lumby or Heffley Creek, BC or by e-mail if requested. Meetings to review the Management Plan can be arranged by contacting jamie.skinner@tolko.com or call 250-318-3779.

Comments will be accepted in writing until 4:00 pm May 31, 2024, and will be presented to the Chief Forester prior to determination of the Allowable Annual Cut.

Yours truly,

Jamie Skinner, RPF 2980
